

BEDAYA

The Art Of Writing

**PRODUCT
CATALOGUE**

2023

Vision

To become a world class stationery manufacturer selling in both the European and the American markets in accordance with the African and Arab countries.

Mission

We strive to offer our customers the best possible prices and the most favored quality of stationery products.

Our Story

Our story begins in 1983 when the first stationery trading company has been established at the heart of Cairo by Mr. Gaber A. Aly. The year 1991 was a turning period for the small company to head to east Asia to invest there. The small trading company expanded very fast at that time and became one of the leading stationery importers in the Egyptian market. Another trading company was established in the late 90's in China and invested in multiple Chinese factories at that time.

In 2001 Mr. Gaber A. Aly made another disrupt change in the Egyptian market after deciding to turn to stationery manufacturing side by side to the trading company.

The new factory was established to be a new starting point called "BEDAYA" to be a leading stationery manufacturer in the Egyptian market.

In 2014 BEDAYA CO. started to compete outside the Egyptian market and started to export its products to the neighboring countries. In 2016, BEDAYA CO. started to expand its exports to reach to the European market after working hard on the quality and the competitiveness of its prices.

Now, BEDAYA sells its products in Africa, Europe and some Asian countries. BEDAYA CO. has obtained the CE Mark for all its products and is ISO9001 - ISO45001 Certified. BEDAYA CO. will pursue its goals in the stationery market through successful and long- term relationships with customers all over the world.

A close-up photograph of a person's hand holding a black pencil, poised to write on a white notebook. The background is a blurred blue-tinted scene of a desk with a laptop and a cup. A semi-transparent blue rectangle is overlaid on the left side of the image, containing the word 'PENCIL' in white, bold, uppercase letters.
